

Must-Have

Marketing Tool

for one All-Inclusive Investment

*Value priced
because I
love to write!*

HERE'S THE DEAL:

- 1.** It starts with a **sit-down interview** and digital photo session with professional PR/Marketing writer Jack Cantwell.
- 2.** You sign off on **reader-focused** text, which becomes a **news release with photos**.
- 3.** Jack **distributes** the release to all appropriate media.
- 4.** The text, photos and a logo are used to create a **"branding tool" flyer** for multiple uses, including website placement, social media, handouts, letter attachments, etc. Layout and file by a professional graphic artist.
- 5. Good investment?** An early client reports over \$2500 in sales income (so far) directly from her release and flyer. No guarantees but a very modest risk.
